

Continuous Rectangle with Multistrand Border – More Info

Instructor: Christine Manges

October 2, 16, 23, & 30, & Nov 6, 2026

Classes online over Zoom at 1 pm EST on Fridays

Folds: LO & RO

Above left: Continuous Rectangle with 13-Strand border, made by Christine Manges. Above right: Continuous Rectangle with 8-Strand border, made by Karen Levendusky.

In this 4-session class, we will braid a continuous rectangle and end it bluntly after your chosen number of rows. A cornered and butted multistrand border will be added.

Skills to Learn for the Continuous Rectangle:

- Week 1**
- Essential skills: Triple Corners, Determine Rectangle Size
 - Maintaining Corner Alternation to keep corners square, using colored pins
 - Accurately counting loops between corners
 - Define Parts of Rectangle
 - Pattern for Continuous Rectangle
 - Creating a pattern across the center line of a rectangle
 - Centerline Lacing: Shoe-Lacing

- Week 2**
- Changing colors at corners
 - Adding Arrowhead, Zigzag, and Diamond Patterns to a rectangle

- Week 3**
- Making a Blunt Ending at a corner

Skills to Learn for the Multistrand Braid:

- Week 3**
- Anchor Strand Start
 - Braiding an ODD number of Strands
 - Tightening up the braid
 - Checking the pattern with a Braid Mantra

- Week 4**
- Braiding 90° Corners in a Multistrand
 - Accurately placing corners to keep motifs equally distributed on opposite sides (this is the tricky part!!)

- Week 5**
- Lacing Multistrand loops onto 3-strand loops
 - Butting via Diagonal Multistrand Butt (Odd Number of Strands)

Instructor

Christine Manges has been braiding rugs since 2006 and teaching rug braiding since 2010. She is co-author of the book, *Combining Rug Hooking and Braiding*. She has been teaching online since the pandemic. She is passionate about rug braiding and teaching.
